About

My interest in web development started back in 2020 during the sanitary crisis when I decided to start learning HTML & CSS! nowadays I'm able to use my accumulated knowledge to build modern and responsive UI, with ReactJs - NextJs.

I'm currently looking for my first experience as a front end web developer.

Education History

Software engineer Nov 2021 -Nov 2023

1337 School - 42 Network
